FIGHT TO CONTROL COUNTY

ELECTION MACHINERY While the question appears to be one of conflict between the party primary plan and the new primary law, adopted by the General Assembly in 1914, behind it all is the same old fight to control the election machinery in Norfelk County. The Fusionists charge that the Straightouts control the electional board, and will name only adherents of the latter faction as judges. The Straightouts take the same view as to the probable action of the Fusion.

question of the manner in which the fudges shall be appointed was never one for the State party authorities to determine, but was set forth clearly in the law. The Fusion chairman proposed a compromise of which to the load to board should name one judge each on the recommendation of each faction and select the third on its own by which the elecfaction and select the third on its own motion. This plan was subject to the acquiescence of H. L. Alexander, Fusion candidate for Senator, who is opposing W. C. Corffitt for re-election. Mr. Alexander' relused to agree to the proposition, and declined positively to consider the electoral board in naming the tudges.

CLAIMS IT IS NORFOLK COUNTY'S TURN TO NAME SENATOR

Asserting that the issue is a moral ne. Chairman Burfoot, of the Fusion-ets, alleges that the Straighouts are utility of bad faith in supporting a guilty of bad faith in supporting a Portsmouth man for Senator, when it is Norfolk County's turn to name the candidate under a thirty-year-old agreement. He says the Fusionists are seeking no undue advantage, but do not intend to permit any discrimination against Mr. Alexander.

The Democratic Committee of Portsmouth the

## RICHARDSON WILL ISSUE ORDER FOR ELECTION

State Chairman Ellyson Issues State- State Officials Greatly Interested in City Democratic Committee to Make-Party Nomination, Says Secretary Duke.

Plan to Have Free-for-All Race for Commonwealth's Attorney in November Election,

stood to be the favorite with a majority of the committee for the nomination. George E. Wise, Alfred J. Kirsh, Harry C. Glenn and W. Kirk Marthews have also been prominently mentioned.

Members of the City Committee take the position the body cannot act until Judge Richardson formally issues a writ of election. In other words, they insist that they have no right to anticipate the action of the court, and, in addition, it is asserted, that the time is so short between now and the date of the election on November 2 that it would be inexpedient to hold a primary.

Grand Chapter and Grand Commander;

In his letter to Clerk Christian Judge Richardson states that the nomination of a candidate is purely a political question, and one with which he is not called upon to deal. He made it plain that the matter would have to be decided by the party committee.

Secretary Duke did not think that that the matter would have to be decided by the party committee.

Secretary Duke did not think that the committee would establish a precedent by failing to make a nomination and permit the choice to be made in a free-for-all contest at the election. He thought the result would be too much of a tendency to permit a break in held at the Masonle Temple.

vacancy in the office of the Common-wealth's Attorney should be filled at the November election. The Mayor took the matter up with Judge Richardson, and the latter's letter yesterday sustains Colonel Anderson's view.

## They are Breaking Down the Bars

Goodyear Tires Now on 500,000 Cars

There are now two million users of automobile tires.

Figuring four tires yearly to a car, we are now supplying 500,000 cars. That means about two million tires this year.

Goodyear tires are gaining new users faster than ever before in their history.

### Tires Not Alike

Goodyears are Fortified tires. They have five exclusive features, each of which combats a major trouble. These and other extras are costing us millions of dollars. They are saving our users ten times as much, perhaps.

Yet note how many users still buy tires without them. They are not opposed to Goodyears, we are sure. But they believe-most of them, probably-that standard tires will average much alike.

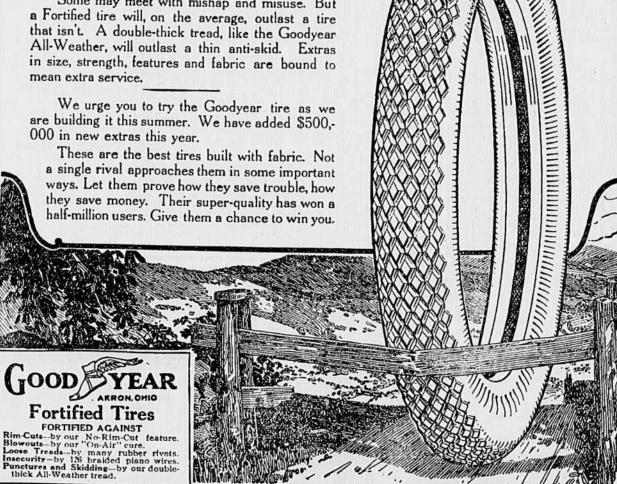

Worth Will Tell

But Goodyears outsell any other tire. Every month they are winning armies of new users. And they will win you if you'll let them.

Some may meet with mishap and misuse. But a Fortified tire will, on the average, outlast a tire that isn't. A double-thick tread, like the Goodyear All-Weather, will outlast a thin anti-skid. Extras in size, strength, features and fabric are bound to mean extra service.

We urge you to try the Goodyear tire as we are building it this summer. We have added \$500,-000 in new extras this year.

These are the best tires built with fabric. Not a single rival approaches them in some important ways. Let them prove how they save trouble, how they save money. Their super-quality has won a half-million users. Give them a chance to win you.
